

Incendiary Believed to Have Caused \$5,000,000 Chicago Conflagration

ENTIRE BLOCK OF OFFICE BUILDINGS SWEEPED BY FLAMES

Incredible Rapidity With Which
They Spread Leads to Belief
Firebug Is Responsible

One Man Killed

Fifteen-Story "Fireproof" Building
of Chicago, Burlington and
Quincy Among Structures

Chicago, March 15. — Investigation of the cause of the fire which destroyed a block of thickly-tenanted office buildings, caused a loss of more than \$5,000,000, resulted in the death of one man, and rendered 20,000 workers idle, was begun tonight by state, city and insurance officials.

The manner in which the flames spread in several places at the same moment, the almost-incredible rapidity with which they spread until nothing but smoldering ruins was left of the block bounded by South Canal, West VanBuren and South Clinton streets, and West Jackson boulevard, caused Shiley T. High, fire attorney, to announce that "everything points to incendiary."

The first "still" alarm was turned in at 12:50 a. m. This was followed by other alarms at three and four-minute intervals until nearly every piece of Chicago fire-fighting apparatus was at the scene. But even with 52 engine companies playing more than a hundred lines of hose on the flames, it was not until four hours after the receipt of the first alarm that the fire was brought under control.

Just across the street from the charred landscape of tottering walls and twisted, smoking steel on which men were expected to be working for the next three days, toward the massive skeleton of the "fire-proof" Burlington building tonight. The walls still stood intact but its 15 stories of win-

dows stared like sightless eyes over the scene of desolation, for the contents had been destroyed by a heat so intense that glass from the windows had melted and, according to the firemen, "ran like water." The structure housed the headquarters of the Chicago, Burlington and Quincy railroad, and all the records of the operating, engineering, legal and executive departments were destroyed.

Fire Reveals Many Problems

Officials of the board of underwriters declared that the fire, the most disastrous since the great fire of 1871, revealed many problems which would have to be met by firemen before they could hope to cope successfully with fires in modern skyscrapers. The effect of the fire in the Burlington building was declared to be that of a skyscraper, a free fire danger and that the modern fire department is practically helpless against a blaze that gets full headway in the upper floors of a tall building.

Insurance men, underwriters and firemen declared methods would have to be devised to enable fire fighters to get more water to the top of high buildings. The use of water towers, such as are said to have proved effective in New York, by means of which streams of water can be poured into the upper floors of a building, also was advocated by the insurance men, who pointed out that the Chicago department lacks such apparatus.

In an effort to fix responsibility for today's fire, a former police department employee was questioned after W. T. Schiff, vice president of Schaeffer & company, whose plant was destroyed, said that the man had written him threatening letters. The flames were first observed in the vicinity of the Schaeffer plant. After being questioned the man was released and Mr. Schiff was called.

Dozen Different Fires

The fire was not brought under control until nearly 5 o'clock, and even then firemen were fighting a dozen different fires, and others broke out intermittently as the wind wafted sparks about.

One fireman was killed, another seriously injured, 10 or more slightly hurt, and an unknown number of the 100,000 spectators who thronged the burning district slightly hurt by falling bricks, burning embers and sparks.

The fire for a time threatened to assume virtually unlimited proportions and every piece of fire fighting apparatus within five miles was called out in a series of 10 alarms.

"The rapidity with which the fire

spread was astounding," Fire Marshal Buckley said. "The fire actually seemed to run from us."

Traversing the main burned area, the Metropolitan West Side Elevated line was seriously handicapped today in delivering its thousands of patrons to the downtown district, as was the Aurora and Elgin Electric line, which also used the four-track structure which was caught in the midst of the fire.

Burlington Building a Belknap

The huge Burlington office building, called a fireproof structure, held the fire from spreading west, while the progress of the flames toward the south was ended by the access the firemen had to the smaller buildings—two to six stories—which began south of Van Buren street. A vacant lot, the site of the new Union depot, kept the fire from spreading northward. The Chicago river runs a block east of the burned district, but would have afforded but little protection had the wind veered the sweep of the flames toward the main business section.

Heat from the burning buildings across the street cracked out the windows of the Mercantile Trust and Savings bank before the Burlington building itself was aflame. A heavy police guard was thrown about the bank, but was driven away quickly when the building caught fire. Cash and securities valued at approximately \$6,000,000 are said to be in the bank's vaults, and it may be several days before they can be examined.

Steel at White Heat

The Burlington building caught fire at about the eighth story and burned up and down. No stream of water was powerful enough to fight the fire in the upper stories.

So intense was the heat in the burning district that the steel supports of the elevated structure could be seen at white heat. The flames leaping high and purged by the gusts of wind were visible for more than 20 miles.

The Van Buren street tunnel of the Chicago surface lines, under the Chicago river, debouches just at the burned area and for hours a stream of water poured into it until the tunnel was filled to street level.

The Union depot mail terminal was not reached by the flames, but postal employees hurriedly removed all mail when it appeared that the fire district could not be restricted.

The Mercantile Trust and Savings bank later announced that the cash and securities in its vaults was amply protected by heavy steel, cement and asbestos walls, and that it was quite safe.

A Vacation Conference

Secretary of War Weeks, George B. Christian, the President's secretary, and President Harding hold a conference of grave importance at St. Augustine, Fla. The matter under discussion is whether it will rain, spoiling the day for golf.

Railroad Charged With Coercing Telegraphers

Chicago, March 15.—Charged with coercing and "bull dozing" its telegraph operators into accepting lower wages, the Buffalo & Susquehanna railroad appeared before the United States Railroad Labor board today armed with signed letters agreeing to the reduction and voluminous arguments that no controversy existed with its employees and that the board therefore had no jurisdiction over the charges.

Telegraph operators were "intimidated" by railroad officials and persuaded to accept cuts in pay from 63 1/2 cents to 43 and 50 cents an hour, was charged by E. J. Manion, president of the Order of Railroad Telegraphers.

He declared that M. J. Curran, trainmaster, made a trip over the 153 mile road, a coal feeder in the Pennsylvania mining district, on January 31 to confer with the telegraphers. Mr. Curran told the operators in many instances that their stations would be closed if they did not accept wage cuts, Mr. Manion declared.

H. O. Tyler, general chairman of the O. R. T., was released from service on March 1, according to his own testimony. Mr. Tyler said he had been telegrapher at Westfield, Pa., suffering a reduction of \$34 in pay due to a reclassification as a clerk on January 31. Subsequently he was displaced and told the road had no other positions open to him, he testified.

Pleading necessary economy, A. M. Barlow, general manager of the road, told the board it was necessary to close some of the stations because their revenue in many cases amounted to less than the salary of the operator-agent.

BONUS FATE RESTS WITH THE SPEAKER

Both Sides to Controversy Await
Gillett's Return Before Tak-
ing Further Action

Washington, March 15.—There developed today a difference of opinion among Republicans leaders in the house as to the method of calling up the soldiers' bonus on the floor. One group still favored consideration next Monday under a suspension of the rules, while another believed that delay in action would be preferable.

On all sides it was stated that a decision would await the return here Saturday of Speaker Gillett, who is in Florida with President Harding. Meanwhile, there was speculation among house members as to whether the speaker would entertain a motion to suspend the rules and pass the bill.

Chairman Fordney, of the ways and means committee, disclosed that he had been informed by Mr. Gillett before the speaker left Washington that he had better not depend entirely on a suspension of rules as the procedure for getting the bill before the house. Since he has been in Florida, the speaker has indicated that he might not entertain a motion for this purpose because of what he regards as the importance of the bonus measure.

Representative Mondell of Wyoming, the Republican leader, said today it would be "rather unusual" for the speaker to refuse to entertain such a motion if a majority of the house desired consideration of the bill under such a plan. He added that it was his judgment that a majority would desire it.

Representative Garner of Texas, the ranking Democrat on the ways and means committee, declared that if Speaker Gillett were "persistent" against the passage of the bill, he has the power in his office to prevent its consideration.

STATION MAN FINDS \$75,000 LIBERTY BONDS IN COAL BIN

Winchester, Va., March 15. — The owner of a Liberty bond protruding from the door of the stove in which he was shovelling coal led to the discovery by St. A. Mitchell, railroad agent here, of about \$75,000 in bonds, concealed in the station coal bin. Some of the bonds were registered in the name of the officials of the Grothouse State bank, and part at least of the cache was believed to represent loot from that institution when it was closed June 30, 1921.

Two-thirds of the bonds that were recovered were registered, the remainder being railroad and industrial issues. Mitchell said he had been scoping up "papers" with the coal for several days and he was speculating today as to what they have been the intrinsic cost of the station fire during the recent coal spell.

SHOPMEN QUIT AS PROTEST AGAINST CONTRACT SYSTEM

Scranton, Pa., March 15.—Two hundred shop employees of the Erie railroad at Dunmore, ne. Scranton, and about one hundred at Avoca, ceased work today in protest, it was reported, against the company letting shop work out under the contract system to the Meadville company at Meadville, Pa.

FIVE HOUSING BILLS PASSED BY SENATE

Lockwood Committee's Recommendations Adopted After a
Sharp Debate

Albany, March 16. — Five of the Lockwood housing committee's more important bills were passed by the senate early this morning after a sharp debate.

One of the bills seeks to prohibit the state superintendent of insurance from extending beyond December 31, 1926, the time for life insurance companies to dispose of their corporate stock holdings.

The second bill would require all insurance companies to dispose of their stock holdings within five years. Exceptions are made in the case of stocks of municipal corporations and the federal government.

Savings banks are sought to be required to invest 40 per cent of their assets in real estate mortgages under the third bill to be approved.

Of the two other bills passed, one permits New York city to take over contracts with sub-contractors if the contractor defaults. The other extends to mutual life, health and casualty corporations the same privileges now enjoyed by stock companies.

NEW SWIMMING RECORD.

Middletown, Conn., March 15. — A new intercollegiate record for the 60-foot plunge was established in the Wesleyan university pool tonight by N. T. Guernsey of New York, member of the championship Yale swimming team. His time was 15 3/5 seconds, against a record of 16 2/5 seconds held by F. J. Meagher, of the University of Chicago. Yale defeated Wesleyan in the meet, 44 to 9.

MURDER FOLLOWS QUARREL.

New York, March 15. — A quarrel over the division of the loot of a robbery was advanced by the police as the motive for the killing of Philip Green, alias Rosenberg, who was shot today by an unidentified man in a bedroom he occupied with two other men on West 129th street. The assassin, who opened the door and fired at Green, sitting on the edge of a bed, escaped.

HOME RULE BILL GIVEN IMPETUS

Senate Passes Measure to End
State Control of Cities—Full
Crew Repeal "Dead"

(By Special Correspondent.)

Albany, March 15. — Home Rule for cities received a decided impetus tonight when the senate passed the Tolson bill, which had the approval of the Mayors' conference. This measure would give to the common councils of all cities power to pass local legislation not in conflict with the constitution and the general laws of the state. If the measure becomes a law, the state legislature cannot pass special legislation for any city except after an emergency message from the governor and then only upon the favorable vote of two-thirds of the members of both houses. The measure is expected to pass the assembly before adjournment.

Before it becomes a part of the state constitution, the measure must pass the legislature again next year and afterward receive the approval of the voters of the state at a general election.

An amendment to the election laws also passed the senate, carrying out the expressed will of the voters of the state for a literacy test. It provides that naturalized citizens before they can be permitted to vote must be able to read at least one section of the state constitution.

Another amendment to the election law passing the senate tonight provided that registration for elections in cities of 15,000 and under by absent voters may be made by mail.

Two bills introduced by Senator Straus, one providing for a milk pricing commission and the other for regulating movies, were announced as dead in committees.

The measure of Senator Downing requiring that all compensation insurance be carried with the state insurance fund was also reported as dead in the committee.

Senator Clayton L. Lusk was authorized for the statement that the measure repealing the full crew law is dead so far as this session is concerned.

TROOPS OCCUPY FORDSBURG.

Johannesburg, Union of South Africa, March 15. — The whole of Fordeburg has been occupied by government troops. It is officially announced, and all armed resistance has ceased. The troops are in possession of every important building and their casualties have been slight.

OIL PROMOTER INDICTED.

Houston, Texas, March 15. — Seymour E. J. Cox, noted widely for his oil and airplane ventures, was indicted today on 14 counts, charging use of the mails to defraud in connection with sale of stock in three companies whose capitalization aggregates \$41,000,000.

SENATE APPROVES WATER POWER PLAN

Democratic Minority Assails Two
Measures Embodying Admin-
istration Program

Albany, March 16. — The administration water power development program, as embodied in the Robinson bill, was adopted by the senate tonight, after a two-hour debate during which the Democratic minority assailed both measures.

One bill seeks to provide for the leasing of the state's water power rights for private development, with a preferential right to the power to be developed to municipalities. While the other proposes the development of two water power projects at Vischer's Ferry and Crescent dam by the state. The latter measure carries an appropriation of \$1,000,000.

Majority Leader James J. Walker and Senator Theodore Douglas Robinson, Republican of Herkimer, arranged the check not only of the Public Service commission, but also the Water Power commission.

Repeatedly Senator Walker charged that the measure was drawn for the benefit of the "water power" interests.

Senator Robinson asserted that the excessive rates which Senator Walker had predicted could not possibly be charged because the subject was under the control of the Public Service commission, but also the Water Power commission.

THREE BOMB BLASTS OUTCOME OF STRIKE

Little Damage Done by Infernal
Machines Planted Near Homes
of Chicago Workers

Chicago, March 15.—A black powder bomb tonight tore away the front of the home of Peter Fortier, but did no other damage. According to the police, Fortier had been working in a plant in which there has been a strike and they believe the bomb was set off to frighten him.

This was the second bomb outrage reported in the past 24 hours, the first having shaken the "Gold Coast," the homes of many of Chicago's wealthiest citizens and badly damaged the home of Charles J. Agnew, a member of the city council.

Later a third bomb was exploded under the porch of the home of John L. White, general manager of the Continental Can company. Police declared labor trouble at the plant was responsible.

The porch and windows for a block around were demolished.

ALBANY MAN SLAIN.

Albany, March 15. — Patsy Farina, who was shot in the stomach while walking alone a street two nights ago, died today. Until the end he maintained he did not know the name of his assailant, although witnesses told the police, who claimed the affray was the result of a gang feud, that the shooting was done by a companion.

RENEW EFFORTS TO FIND CIRCUS CHEF

Prosecutor Explains, However,
"Dutchy the Chef" Is Not
Sought for Brunen's Murder

Riverside, N. J., March 15. — Renewed efforts will be made to locate George Lamb Werner, a circus chef, in connection with the killing of John T. Brunen, circus proprietor, shot to death in his home here last Friday night. It was announced tonight by Prosecutor Jonathan Kelsey of Burlington county. The prosecutor said he wished to question Werner, who had been employed by Brunen in the cook tent of the Mighty Doris and Fernari show, to clear up certain points. He directed that a picture of Werner, known as "Dutchy," be given out for publication at once.

The prosecutor made it plain that no warrant was issued or that Werner was charged directly or indirectly with the killing.

That was the outstanding phase of the search for Brunen's slayer today after the publication last night of a letter Brunen had written to his sister, Mrs. Elizabeth Jaesch, at Cary, Ill., charging that his household was "framing" to "kill" him and the announcement of County Detective Ellis Parker that the showman had shown him a list of names of persons he believed were planning his death.

Walter S. Keown, Camden attorney, retained by Mrs. Brunen, today issued a statement denying that the showman's widow knew the identity of the person or persons responsible for his death, or anything of the kind. He asserted also that the letter written by Brunen to his sister had been framed in the heat of passion and had no foundation in truth. As to the estate of the showman, the statement said the reports concerning his wealth were "ridiculous."

Keown said that one-half interest in the Mighty Doris and Fernari shows, and approximately \$18,000 in cash. The only insurance Brunen had, he declared, was a \$2,000 policy in which his wife was named as beneficiary.

Mrs. Jaesch came to Philadelphia today to consult her attorney. She declared that she did not know much about alleged trouble between her brother and his wife before she received the letter.

Mrs. Jaesch remained at the Brunen home until last night, when a family council was held. Hazel Brunen, the 18-year-old daughter of the murdered man, said today that they had discussed the letter. "I know father was subject to such fits of violent anger that he did not know what he was writing when he composed the letter," she said.

AMERICAN BOWLING CONGRESS

Toledo, Ohio, March 15. — Holders of the front lines in the doubles and singles of the American Bowling Congress tournament survived today a constant pounding of nearly 100 new competitors.

No changes were made in the first ten of the doubles and only one new man showed up in the first ten individuals. J. Sablosky of Chicago hit 691 today for second place.

Among teams bowling tonight were three from Jamestown, N. Y.

VALERA LAUNCHES NEW ORGANIZATION

Republican Association Takes
Stand on Original Principles
of Irish Republic

(By the Associated Press.)
Dublin, March 15.—Eamonn DeValera issued a manifesto this evening launching a new Irish organization to be called the Cumann Na Polchuiste or Republican association, and asked financial and moral support.

According to the manifesto, the new organization takes its stand on the proclamation of the Irish Republic in Easter Week, 1916, and its contribution in the declaration of independence of January, 1919. Mr. DeValera signed the manifesto on behalf of the Republican members of the Irish Free state and their standing committee.

The main objects of the organization as stated in the manifesto, are to secure international recognition of the Irish Republic, to maintain the undiminished sovereign authority of the Dail, and to repudiate the proposed agreement with Great Britain as humiliating to the nation and destructive to its status and rightful claims. Another object is stated to be to maintain respect for political pledges and the high standards of probity and honor of Irish public life.

The new organization will probably not act as the Republican party machine, since the old Sinn Fein organization, the A. P. O., will not be available for that purpose for either the Republicans or the Free State advocates, owing to the recent agreement reached at a meeting of that organization.

DIVA APPEALS TO HUSBAND TO RETURN

Chauffeur Left Her Because He
Couldn't Live on "Skim
Milk and Applause"

San Francisco, March 15. — Mme. Margaret Matzenauer, grand opera singer, today appealed to her husband Floyd Glotzbach, Del Monte chauffeur, to return to her at once because she was expecting to become a mother. Glotzbach separated from the diva some days ago because, he said, life in the circles grand opera stars occupy involved living "on skim milk and applause."

The San Francisco Examiner tomorrow will publish a copy of the telegram in which the diva makes her appeal. The message was sent to a friend of Glotzbach with a request that he plea and the information on which it was made be laid before her chauffeur-husband. In an interview with a reporter for the Examiner, Glotzbach retorted his determination to follow his natural bent as a chauffeur and not live the life of a social lion.

"There are some things a man cannot stand for," Glotzbach told the reporter, "no matter what there is in it. What I mean is this—I know what I am not. I am not a lady's man and I am not a piece of interior decoration or bric a brac."

"You understand, the man who insinuates that any reflections are being cast upon Mme. Matzenauer is due for a good thrashing, and I am the man who should be consulted in that case. As for our separation, it is permanent so far as I am concerned. I am willing to take the worst end of the argument though. Just say what I was below content pitch if you want to. That explains it all. Now kindly give us the curtain. You have this opera in one act. Most of them are too long anyway."

Joplin, Mo., March 15. — Shown a dispatch from San Francisco in which Floyd Glotzbach, her husband, was quoted as saying he would stick to his original statement that he was "through with the limelight," Mme. Matzenauer, grand opera star, tonight still maintained an attitude of regarding the situation a "joke." She said that the interview resembled a fanciful creation of a reporter.

"No," she replied, when asked if a divorce had been suggested. She sent a telegram to her lawyer in New York telling of her interview and asking his advice.

RENO'S PRINCIPAL HOTEL IS DESTROYED BY FIRE

Reno, Nev., March 15. — The Riverside hotel, Reno's chief hostelry, was burned early today. The loss is estimated at \$250,000, while the total insurance is \$100,000.

The fire started in the basement near the furnace room, presumably from defective wiring, and spread rapidly to all parts of the building, produced by dense clouds of suffocating smoke.

One hundred guests were in the building and were rescued from the third and fourth floor windows by firemen and porters. The smoke was so dense that few of the guests attempted to save any of their personal effects.

"KNIGHTS OF THE VISIBLE EMPIRE" IN OKLAHOMA

Healdton, Okla., March 15. — An anti-Ku Klux Klan organization known as the Knights of the Visible Empire, just been formed here.

John Hyde, one of the organizers, announced in a statement today that the purpose of the society is "to protect against mob rule, as exemplified in the teachings of the Ku Klux Klan." Hyde is a local attorney.

"We pledge allegiance to the law of the land and ask only that the laws be enforced by those empowered to enforce them. We will work bareheaded in the sunshine, not masked at midnight," Hyde said.

SENATE AGREES TO CUT DEBATE ON THE TREATY

Unanimous Consent Agreement
to Take Final Vote on Pacific
Pact on March 24

DOWN AMENDMENT

For Third Time, Effort to Permit
Outside Nations to Join Con-
ferences Fails

Washington, March 15. — Opponents of the four-power Pacific treaty in the senate today abandoned all plans for a prolonged fight against ratification, and a unanimous consent agreement to limit debate and to take a final vote on Friday, March 21, was reached.

The agreement, which was hailed by administration leaders as a certain indication that ratification was assured, was announced on the senate floor after a series of conferences among the various senate elements and was accompanied virtually without debate.

It provides that no further reservations or amendments shall be voted on until next Tuesday, that speeches on the treaty shall be limited to 30 minutes each beginning Wednesday, and that the final vote shall be taken without debate as soon as the senate convenes on the following Friday.

For the third time the senate defeated today an effort to amend the treaty to permit participation of outside nations at conferences over controversies arising out of the Pacific.

Pittman Amendment Defeated.

An amendment for that purpose by Senator Pittman, Democrat, Nevada, similar to two on the same subject adopted yesterday, was defeated, 50 to 27. The treaty opponents indicated, however, that they would bring the proposal forward again later in the form of a reservation, in the hope that they might secure the support of a number of senators who object to all amendments as a matter of principle.

The party alignment of the amendments was virtually the same as that which yesterday defeated similar amendments. Except for a temporary absentee, the same few Republicans and Democrats left the majority of their respective parties.

The practical effect of the amendment, Senator Pittman said, would be to confine the group of nations affected to Russia, China, the Netherlands and Portugal. He explained that he offered it because of objections that yesterday's proposals were so broad as virtually to bring the whole world under the scope of the treaty.

Underwood Leads Opposition.

Senator Underwood, the Democratic leader, opposed the amendment, although he said he was not inclined to disagree with it "in principle." To amend the treaty, he said, would be to reopen the field of negotiation and "might destroy the treaty." He pointed out that other governments refused to recognize the Russian government.

"While the United States might enter a contract with a government we don't recognize," said Senator Underwood, "I doubt if other nations would, and that would mean delay for the treaty. It may destroy it. The amendment is not of sufficient value to take chances."

That the signatories had exchanged notes giving to the Netherlands the benefit of the treaty was pointed out by Senator Underwood. The other nations, he said, did not ask to be a party to the treaty and did not request participation until after the treaty was signed.

It would be reasonable to believe, Senator Underwood said, that other nations would be treated similarly.

Asked by Senator King, Democrat, Utah, why the four power treaty omitted the "real issue" of the Orient by excluding questions relating to the Asiatic mainland, Senator Underwood said there was "no occasion" to include Chinese questions because they were treated in other conference treaties relating specifically to China.

Charging that there had been a studied effort to prevent legitimate debate on the treaty, Senator Pittman declared that the senate not only had been denied information about it, but that the Republican leader, Senator Lodge, "runs every time anyone tries to ask a question."

RADIO WILL SUPPLEMENT BUT NOT SUPPLANT WIRES

Albany, March 15. — The radio telephone will supplement but will not supplant the wires as general means of long distance communication, Erie-Adair General John J. Cary, a vice president of the American Telephone and Telegraph company declared before the public service commission which resumed its state-wide investigation of the affairs of the New York Telephone company here today. The present telephone system of the United States always will be the backbone of voice-to-voice communication, he said.

It was brought out at the hearing that the New York Telephone company pays the American Telephone and Telegraph company approximately 22 cents a month for each of its 1,422,000 telephones used in New York state. In return for this rental, the company receives not only the instruments but the benefits of communications, and as work of the larger company as well as financial support if necessary.

The hearing will be resumed tomorrow.

State League Bowlers Bring Tournament to Close on "Y" Alleys.

The State League Bowling tournament came to a close on the Y. M. C. A. alleys last night, when the Lions and Tigers, the two local teams entered in the state-wide contest, knocked the pins silly to the tune of 2,678 and 2,675 respectively. The totals were remarkably close, but the Lions won the match, two out of three.

The high game of the night was the Tiger's opener, which hit 333. Then to even things up the Lions repeated the operation in the second game, running up a total of 332. Among the individuals, Bosworth was the star with a total of 609, which included games of 220 and 233. Ceperley

was high man for the Lions, with a total of 580. There was but one exception to the general trend of "500" totals.

MANSLAUGHTER CHARGED

Jack Thompson of Oxford Has Down and Killed Charles Fisher, Aged 50 Years, While Latter Was Crossing a Street in Oxford Village.

Norwich, March 15.—Jack Thompson, an Oxford farmer and fur dealer, was arrested today upon the charge of second degree manslaughter for causing the death of Charles Fisher, aged 50 years, whom he ran down while Fisher was crossing an Oxford street. Thompson has long been regarded as a reckless driver and he has frequently been cautioned for infringing on the rules of the road.

Thompson has retained Former County Judge Hubert L. Stratton as counsel for a hearing in this city on Monday next. Mr. Fisher was a well known farmer residing near Lyon Brook, where he formerly operated a saw mill for many years.

May Purchase Water Works.

Following a public hearing tonight, at which the only opposition manifested was to any member of the present board of aldermen becoming a member of the new body, the Common Council of this city approved the bill creating a water board for the city and empowering it to purchase the property and franchises of the Norwich Water works, whenever such action is approved by a vote of the people of the city. The bill has passed both branches of the legislature and lacks only the signature of the governor to become a law. It was sent on here for a hearing and approval by the council before final action by the governor.

Milk Checks Totalled \$24,461.92.

Exactly 1,617,933 pounds of milk were taken in at the Borden plant here during February. Payment for this was made today, the price being \$14.64 per hundred pounds for three per cent milk. The producers were paid \$24,461.92, of which \$17,805.69 went to members of the milk pool and \$6,656.23 to non-poolers. The rumor that after May 1 the Borden would accept only milk supplied by pool members was emphatically denied at the local office of the company today.

FIVE SPOTS SWAMPED

Local Squad Suffers Defeat at Hands of Cooperstown Independents, 41 to 11.

Cooperstown, March 15.—The fast Cooperstown Independents got revenge here tonight for the defeat they suffered at the hands of the Oneonta Five Spots early in the season, when they turned the tables and swamped the Klipsnokie visitors to the tune of 41 to 11.

Cooperstown was in the lead all the way through, and Oneonta did not have a ghost of a show. The game was marked by considerable roughness.

BETTER THAN A MUSTARD PLASTER

DAY'S SALES TOTAL 1,200,000 SHARES

Specialties Rise to High Levels, But There Are Many Noteworthy Exceptions

New York, March 15.—Transactions on the stock exchange today approximated 1,200,000 shares, almost the largest total of the year. A number of specialties rose to highest levels for that period, but there were many noteworthy exceptions to the upward trend.

Great Northern and Northern Pacific were heavily sold in the last half of the session at extreme reactions of about four points. The break in Great Northern followed the publication of a statement by Chairman Hill, which was interpreted as casting doubt on the maintenance of the present rate of dividend.

Oils, motors, equipments and steels, especially Mexican Petroleum, Studer and Cribble, were carried down one to three points in the liquidation of rails, the market closing with a heavy tone.

Sentiment was favorably influenced during the morning by the subsidence of labor disturbances in South Africa, the more hopeful tone of European political conditions, and the further pronounced recovery of foreign exchange, especially the British rate.

Another helpful factor was the relaxed or easier money market. Although this was the final day for the payment of the first installment of the 1921 federal income tax, call loans dropped from 4 to 3½ per cent at midday and offerings of 30 to 90 day funds were frequently made at 4½ per cent.

There were a few heavy futures to the bond market, Liberty and Victory issues closed at reactions. In the main, however, increased activity was attended by higher prices in the foreign group, especially British, French, Belgian and Mexican offerings.

Rails were irregular, but even in that group some notable gains were made. Utilities, especially local traction, tended mainly upward and industrials also improved, copper reflecting the better tone of those issues in the stock market.

CITY OF ONEONTA, NEW YORK—DEPARTMENT OF PARKS—NOTICE TO CONTRACTORS.

Sealed bids or proposals will be received by the Department of Parks at the city clerk's office at Oneonta, New York, until 10 a. m., on the last day of April, 1922, for the improvement named below at which time and place such proposals will be publicly opened and read.

Fencing With an Eight Foot Board Fence Nehemiah Ball Park.

All bids must be made on the regular printed forms furnished for that purpose and all prices must be plainly stated in ink both in words and figures.

Plans and specifications are on file in the city engineer's office and may be seen there or obtained for the price of \$2.50. Said dollar will not be refunded upon return of the plans but will be returned by the City of Oneonta as a part compensation for the printing of the same.

No bid shall be allowed to be withdrawn for any reason whatever after it has been presented to the Park Board.

All bids which are in the opinion of the Board of Parks unobtainable will be deemed informal.

A certified check in the amount equal to at least five (5) per cent of the bid payable to the Chamberlain of the City of Oneonta will be required to accompany each bid. All such deposits except that of the successful bidder will be returned three days after the execution of the contract.

If the successful bidder fails to execute a contract within fifteen days after the notice of award then the amount of deposit made by him will be forfeited to and retained by the City of Oneonta, or liquidated, if he fails to execute the contract within the fifteen days then the amount of deposit will be returned to him.

No contract will be considered unless accompanied by a bond in amount equal to fifty (50) per cent of the amount of the bid. The Park Board reserves the right to reject any and all bids not deemed for the interest of the city of Oneonta, N. Y. Park Commissioner, City of Oneonta, N. Y. Sheldon H. Close, City Clerk.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weakness and at times was obliged to stay off my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Compound, a vegetable compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."

Mrs. M. SHERMAN, Route 2, Lake, Mich.

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing its merit. If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Compound?

GUERNSEY MILK IN DEMAND

Osego County Breeders Unite in Plan for Reorganization of State Association with Field Agent to Assist Members.

Plans for the reorganization of the New York State Guernsey association and the employment of a field agent were outlined to the members of the Osego Guernsey club at a meeting at the Chamber of Commerce rooms here today by K. C. Musser, eastern representative of the American Guernsey Cattle club and George M. White of Coxsack, secretary of the state association.

It is hoped to secure 300 members of the state organization who will agree to pay \$1 per head on females over six months of age. These dues with gratuities which have been assured will maintain the organization with a field agent who will assist them in disposing of surplus stock and in promoting the sale of Guernsey milk. During the discussion it was disclosed that Guernsey milk is now commanding as much as two cents higher price per quart in certain markets, notably in New York and Philadelphia, than even Jersey milk. Though not richer in butter fat, it is yellower and its color brings the higher price.

All of the members of the county club present at the meeting signed up for their herds at the price named, and some of them agreed to make a donation in the shape of a gratuity in addition.

JAIL FOR BOARD SKIPPERS

In Sentencing Benjamin Fernandez to 60 Days at Cooperstown Judge Hathaway Issues Warning to Men of His Type.

As a lesson to himself and to others who may be disposed to try the same trick, Acting City Judge Hathaway sentenced Benjamin Fernandez to 60 days in the county jail for skipping his board bill with Mrs. Hattie Johnson of 8 Dietz street, when the man was arraigned before him in city court Tuesday. There is no alternative to the sentence and Fernandez cannot escape confinement for the next two months.

Fernandez, who had been employed by the Elmhor Milling company, went to Binghamton some time ago, taking with him his baggage and neglecting to settle the sizable board bill which he had run up with Mrs. Johnson, where he roomed. A warrant was issued and he was arrested at the station by a D. & H. officer Tuesday morning. He came in on the sloop-boat from Binghamton and later in the morning was about to purchase a ticket for a point on the U. & D. when the officer nabbed him.

In sentencing Fernandez, Judge Hathaway issued a warning to those persons who persist in contracting board and room bills which they have no intention of paying. He stated that in the future he would deal with persons convicted of such fraud as severely as he dealt with Fernandez, lines apparently doing no good in such instances.

Kidney and Bladder Troubles Have To Go

Kidney, Liver and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been prescribing Marshroot for kidney and bladder troubles and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Rewards of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have swelling below the eyes, puffy eyes, clammy feet, moist palms, backache or headache, you ought to get a bottle of Dr. Carey's Marshroot right away.

It is wonderfully efficacious tens of thousands of cases of kidney, liver and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great prescription, Marshroot, cured thousands of sufferers from kidney, liver and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form at D. B. Gildersleeve and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot, root prescription No. 771. No other medicine can take its place.

IMPORTANT—Trial bottle of Marshroot, root liquid form, can be secured by sending 25 cents to Dr. Carey Co., Elmira, N. Y.

"KAZAN!"

The Call of a helpless girl--

"Black" McCready laughed at her cry. The wilderness of the North stretched around them; the only other man for miles lay snow-blind in the hut; and the girl felt her strength ebbing fast.

But--far down the trail Kazan the Killer had picked up the hated man-scent; he knew McCready only as the wielder of whips, the driver of hate; and through the snow the dog came, fangs bared, eyes afire with the killer-strain. From the distance Joan heard his bay.

She called---and the wolf dog sprang!

TREATY LOOKS GOOD.

The result of the vote on the treaty amendments at Washington on Tuesday is encouraging to citizens who had feared that party opposition might sway the minority to such an extent as to imperil what is generally believed to be the most important international document ever written. The test on the amendment indicates that not over 30 votes can be mustered for the opposition, and probably not so many; and this will not be enough to prevent ratification. Nine Democrats are, in fact, expected to join the Republicans on an early ballot.

After the world should be cheered by the treaty outlook. The limitation of armaments, whatever may be said about the other things, is fundamental. So long as nations are permitted at will to build ships and increase armies and construct fortifications, so long there will be secret treaties and intrigues, which are the natural accompaniment of the more manifest preparations for war. So long as the removal of the facilities for warring war, and there will be an end to all the other unworthy accompaniments. And there will be an end also to the larger part, and the more expensive, of the diplomatic corps of the various nations, which besides the visible, ornamental features, and the admittedly valuable commercial ones, have been the center of spy systems, each for its own nation, while at the same time honey-combed with spies from other powers. Limitations of armament will not only be directly effectual in lessening national expenses, but also in many indirect ways which will be felt when those whose services are no longer needed in army or navy or diplomacy are returned to the productive fields of peace.

HOW WOULD CANADA LIKE IT?

Representative Peter Ten Eyck of Albany is author of a resolution introduced in congress asking President Harding to negotiate with Great Britain for the purchase of all land lying south and east of the St. Lawrence river and the Gulf of St. Lawrence. The reason for the resolution is that the friends of the proposed ship canal are asking the United States to join with Canada in the St. Lawrence canal and water power project, though this action has but a limited part of the St. Lawrence water frontage, merely one side of the river for a short distance in Northern New York.

Plainly if the United States is to join equal hands in the canal construction, the United States should have half the benefits, and the only way it could hope to get them would be through possession of the southern bank of the river, with the Dominion on the north.

Of course Canada would never assent to any such a proposition which, while it would not take either Montreal or Quebec, would release to the United States much of the best land and several of the important cities of the Province. Yet, on the face of it, the proposition is more reasonable than that the United States should contribute to give a direct outlet through Canadian waters for the Great Lakes commerce. New York, which would pay so large a part of the expense of the canal, and at the same time would lose greatly through diversion of traffic, can be relied upon to stand firmly against the St. Lawrence proposition.

THE CITY BASTILE.

"There are four things," said an Oneontan on Monday, apropos of the report of the state inspector on the city jail, "which in the municipal lock-up should be provided. The jail should be warm, clean and sanitary. These requirements being met, the matter of location and of a number of other things are not so very important. Moreover the city building is not in such sense as the county jail at Cooperstown, a place of continued confinement. In general those confined there are inhabitants for one night only. Next morning they are brought before the city magistrate and, if always the cases are discharged or the prisoners fined and discharged or taken to jail or penitentiary to serve such sentence as may have been imposed. Under such circumstances it does not appear that the city should be compelled to make large expenditures, particularly when it seems that the primary requirements have been provided."

While the above is not the opinion of every citizen, there are at least a considerable number who believe that with initial requirements met, a more house of detention need not be made luxurious.

Salvation Army Head Transferred.

Brigadier William Escott of Albany, head of the Salvation Army for Eastern New York, has been ordered transferred to Birmingham, Ala., and expects to leave next week for the south. As an indication of the esteem in which he is held in this section, a farewell reception will be given him at a gathering of Eastern New York Salvation Army workers to be held at Utica Sunday. Captain William Hays, of the local organization, expects to attend.

Brigadier Escott had been in Oneonta frequently in connection with his official duties and his friends will regret his transfer. He will be succeeded at Albany by Brigadier Simonson.

Collapses from Exhaustion.

An elderly man named Wilber was found lying on the D. & H. tracks near the viaduct by Officer Crouch yesterday afternoon. He had wandered away from his home with A. C. Mumford on the Plains and had collapsed from exhaustion. He was brought to headquarters and later taken to his home.

MORE SCHOOL MONIES.

Apportionments for First, Second and Third Districts of Otsego County.

Below is given the apportionment of the school monies for the three supervisory districts of the county, not previously published in The Star. County Treasurer G. C. Johnson states that he is having calls daily from all parts of the county for the money, but further says that the money has not yet been received. Last year the check for this money was received March 29, and it will undoubtedly be received by that date this year.

NO DECISION REACHED.

Public Service Commission Hear Arguments on East Worcester Crossing.

Albany, March 15. — Hearing was held before Assistant Engineer Burkard of the Public Service commission on Tuesday on the application of the State highway department for a change from grade of the crossing east of East Worcester on the Schoenewand and Schoharie county line highway. The highway department presented the arguments for a change, alleging that the crossing at grade is one of the most dangerous along the entire D. & H. system, being on a steep grade where cars going east are descending such grade while cars west-bound have risen part of the elevation and are quite liable to become stalled if ice is not exercised. The proposal was supported by various automobile clubs, including the one at Oneonta.

The commission reserved decision pending the outcome of the case in the appellate division of the supreme court in which the same questions are involved. It is of course to be expected that the crossing will eventually be changed and it is hoped that it will be brought about at an early date.

Globe Trotters Return Home.

Disposition was effected yesterday of the cases of three of the four boys who wandered from their homes in Schenectady yesterday and were picked up here by D. & H. officers for illegal train riding. An officer came from Schenectady with a warrant charging Robert Fives with larceny and took him back to the Electric city. Money was sent to pay the fare for Ermina Desautels and he was sent home on the 3.15 train. Tony Anapio will be placed on the 6.20 this morning, money having been forwarded for his ticket. Tony Managino is still being held at headquarters for word from his people. All of the boys are under 18.

"WHAT'S THE MATTER WITH ME?"

Thousands Who Ask That Question Will Be Interested in This Answer

Human flesh is full of many ailments, but none more acute and contagious than indigestion. Most people become sickly from neglect. They have indigestion and do nothing for it. They get nervous and often sleep poorly and do nothing to cure them selves. From these and other causes they gradually lose strength and vitality and feel tired much of the time and often "blue" and despondent. If you feel below par take Vicks Vapo-Rub. It restores your strength and vitality and overcomes that weakness by building up your blood to the right planes and richness. Then you will feel fine and vigorous again and have plenty of "pep." For thirty years Vicks Vapo-Rub has been the doctor's favorite remedy for run-down people. Sold in both liquid and tablet form by all druggists. Adv.

CLARKE ESSAY CONTEST

Awards for Delaware and Broome Announced Yesterday. With Cheungo Yet to Be Heard From.

Announcement yesterday of the winners of the John D. Clarke prize essay contest in Delaware and Broome counties leaves but one county in the 34th congressional district to be heard from. It is expected that the results in that county—Cheungo—will be known in a day or two.

Rev. Dr. W. Courtland Robinson of Delhi, Ralph S. Ives of Roxbury and Mrs. C. B. Bassett of Walton were the judges of the Delaware county essays, and after judging the papers at a meeting in Delhi yesterday, the awards were announced as follows:

First prize, \$25—Gertrude M. Jones of Walton.
Second prize, \$15—Margaret Hagelberg of Delhi.
Third prize, \$10—Clarence B. Wilcox of Delhi.

"A Citizen's Duties and Obligations" was the topic selected by Miss Jones and Mr. Wilcox, while Miss Hagelberg wrote on "My Town and County in American History." Congressman Clarke's home county failed to display great interest in the contest, and the essays submitted were disappointingly few in number, giving the judges a comparatively easy task in selecting the prize winners.

The Broome county first prize was won by Howard Barker of Binghamton, a student at the Binghamton Central High school, who wrote on "A Citizen's Duties and Obligations." The second prize was awarded to Miss Helen G. Kelly of Binghamton, a student at the Thomas Jefferson school, who took the same subject as Mr. Barker. Miss Anna Brugler, a student at the Union-Endicott High school, took third prize with her essay on "My Town and County in American History."

The Broome county judges were Thomas J. Keenan and Miss Anna J. Stone, both of Binghamton. The first prize essay in each county is being sent to Prof. Francis A. Marsh, of Lafayette college, Easton, Pa., who will select the first and second best out of the four and award prizes of \$50 and \$20, respectively, to the successful students.

Interesting Missionary Meeting.

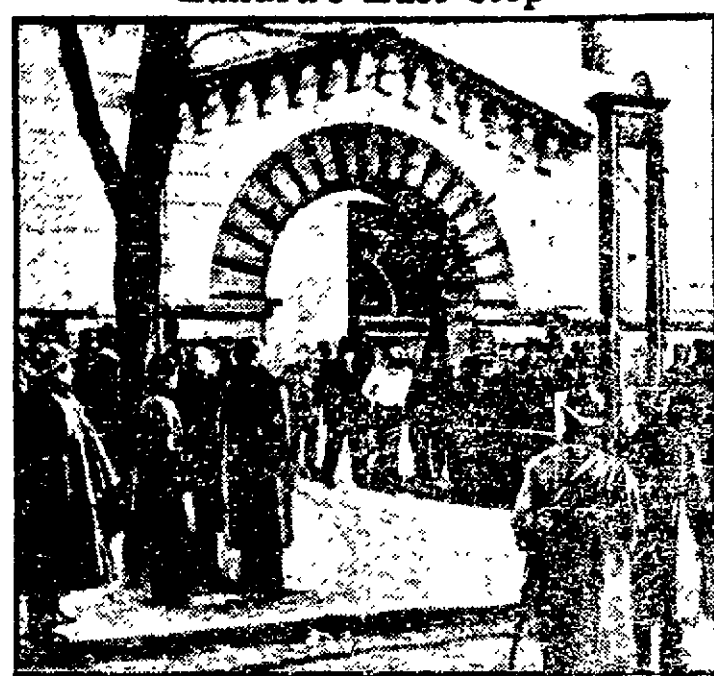

About 100 were present at the Home Missionary meeting held at the First Methodist church Tuesday. A gift of \$11 for the Children's home at Binghamton was presented by Mrs. Walker's Sunday School class of Normal girls and a large array of articles of wearing apparel was packed for Ellis Island.

The program was in charge of Mrs. C. N. Murdoch and was on the subject of "Tithing." It was presented in a very interesting dialogue form by a number of the members and young ladies of the church. A delicious supper was served at the close of the program.

THE COUNTY POMONA

Spring Meeting Held Tuesday at Laurens—Good Attendance and Program.

The spring session of the Otsego County Pomona grange was held Tuesday of this week at Laurens. Despite weather in some respects unfavorable the condition of the roads and a prevalence of influenza, there was a satisfactory attendance and much interest was felt in the work of the order. At the first session, which was held in the village hall, there was an address by Dr. Barrows, state medical inspector, who discussed the theme of Medical Examination in schools, with special reference among other things to the condition of the teeth and eyes. At the same session the officers who were elected in December were duly installed. A list of these officers appeared in The Star at that time.

In the evening the session was held in the Presbyterian church, two features of it being moving pictures of genuine interest, one being of "Water in the Home," showing the possibilities of supplying what are known as city conveniences in the rural household. The other pictures were entitled "What a Local Nurse Can Do," and were in line with the modern campaign for the improved health of children and adults. The grange before adjournment extended thanks to the citizens of Laurens for their generous entertainment of the grange membership. The next meeting will be held the second Tuesday in June.

Good Report of Good Bank.

Many readers of The Star will be interested in the report of the Second National bank of Cooperstown, which appears in another column of this issue. With deposits of over two millions and a half, with resources only \$85,000 below the three million mark and with a widely-known and reliable list of directors, it is an institution which will appeal alike to borrowers and depositors.

PHILHARMONICS PLEASE

Last Concert of Season of Prof. Gardner's Organization Proves Highly Enjoyable — Quartet of Youths a Feature.

The first concert ever given by Gardner's Philharmonic orchestra was excellent. So was the second and the third, and likewise the 26th, which was given at the Oneonta theatre Tuesday evening at both regular performances. There was a good attendance each time and everyone appeared to be well pleased with the work of Prof. Gardner's 80 musicians, most of them of tender years.

Perhaps the number most enjoyed was "Serenade," played by a violin quartet composed of John Brinkman, John Latchler, Warren Pratt, and Robert McMorris, none of them much taller than their instruments. The ladies were heartily applauded and responded graciously to the encore. The vocal soloist, Clifford Walsh, was also enthusiastically received. His tenor solo "Matinella" delighting all and eliciting an encore. Two overtures, "War March of the Priests," and "The Bohemian Girl," and a novelty "The Shell of Araby" were also enjoyed. The orchestra ensemble and proved fully equal to the remainder of the program. The feature photoplay, "The Call of the North" was also enjoyed.

The concert concludes the eighth season of the organization. It is to be hoped that it will not be the last for the Philharmonics have won a place in the hearts of music lovers in the city.

FORMER COOPERSTOWN MAN

Dr. Albert J. Butler Dies at Home in Pasadena, California.

Friends in Cooperstown have been advised of the death at his home in Pasadena, California, of Dr. Albert Jewett Butler, a former resident of this village. Dr. Butler, a graduate of the New York College of Dentistry, practiced his profession in Cooperstown for about twenty-five years, removing with his family to California about ten years ago. He was the son of Mr. and Mrs. Oliver J. Butler. The father died while they yet resided in Cooperstown; the mother died in California about a year ago.

Dr. Butler's widow was Louise Hedecorington, formerly of Cherry Valley. Their son, Albert Hedecorington Butler, was a visitor to Cooperstown in the summer of 1920. Dr. Butler is also survived by a sister, Mrs. Julia P. Lane, the wife of Revilo P. Lane, who resides at South Pasadena.

TO BAR BUTTER SUBSTITUTES

Dairymen's League Measure to Prevent Manufacture, Sale or Possession in State, Now Before Governor.

Both wholesale and retail grocers in Oneonta are interested in a bill now before the governor for his signature, which practically forbids the sale of oleomargarine or similar compounds in New York state.

The bill, which is an amendment to the laws and markets law, "in relation to oleomargarine, butterine, imitation butter and kindred substances," after defining the terms "milk," "adulterated milk," "cream," and "adulterated cream," "cheese," "oleomargarine," and other substances, makes this provision under the heading "Manufacture and Sale of Imitation Butter Prohibited."

"No person by himself, agents or employees, shall produce or manufacture out of any animal fats or animal or vegetable oils not produced from unadulterated milk or cream from the same, the article known as oleomargarine, or any article or product in imitation or semblance of natural butter produced from pure unadulterated milk or cream of the same; or mix, compound with or add to milk, cream or butter any acids or other deleterious substance or any animal fats or animal or vegetable oils not produced from milk or cream, so as to produce any article or substance or any human food in imitation or semblance of natural butter, nor sell, keep for sale or offer for sale any article, substance or compound, made, manufactured or produced in violation of the provisions of this section, whether such article, substance or compound shall be made or produced in this state or elsewhere. Any person selling, manufacturing, offering or exposing for sale any commodity or substance in imitation or semblance of butter, the product of the dairy, shall be deemed guilty of a violation of this chapter, whether he sells such commodity or substance as butter, oleomargarine or under any other name or designation whatsoever and irrespective of any representations he may make relative to such commodity or substance. Any dealer in any article or product, the manufacture or sale of which is prohibited by this section, who shall keep, store or display such article or product, with other merchandise or stock in his place of business, shall be deemed to have the same in his possession for sale."

The Dairymen's league is said to have been back of the bill.

DEATHS.

Mrs. Horace Getman.

Hartwick, March 15. —Eliza Dingman, wife of Horace Getman, died today at 2 p. m., at her home, 2 1/2 miles from this village, on the Burlington road, of pneumonia. Last week she attended the funeral of her brother-in-law, the late John Cox, and soon afterward was taken ill. The funeral services will be held on Friday at 2 p. m. Rev. J. A. Dillon of the Christian church will officiate and interment will be in the Hartwick cemetery.

The deceased was the daughter of the late Benj. Dingman and Amanda Newkirk, and was born April 21, 1851. Most of her life has been passed here. She was one of a family of 12 children. Surviving her are her husband, one son, George, residing at home; one brother, Marcone Dingman, residing near Utica, and one sister, Mrs. John Cox, and a foster son, Herman Dietz.

CELEBRATE ANNIVERSARY.

Twenty Members of White Rose Sewing Circle Unite in Event.

Some 20 members of the Ladies' auxiliary to the Brotherhood of Railroad Trainmen met at the home of Mrs. John Young at 27 River street yesterday afternoon to celebrate the first anniversary of the White Rose Sewing circle. The busy workers were entertained by piano selections by Mrs. Hazel Beardslee and Miss Helen Delamater. Later a three-course chicken dinner was served by the committee in charge of the event. The decorations were in keeping with the approaching St. Patrick's day.

New officers for the sewing circle were chosen, consisting of Mrs. Myra Blanchard as president, and Mrs. Ann Mellus as secretary and treasurer. The event was one of much pleasure for all in attendance.

CLARKE PRIZES PRESENTED

Dr. B. M. Johns, in Rewarding Winners in Congressman Clark Essay Contest, Pays Deserved Tribute to Oneonta High School.

The prizes won in the essay contest promoted by Congressman John W. Clarke of this district, were presented to the successful contestants by Rev. Dr. B. M. Johns, chairman of the committee of award for Otsego county, at the regular High school assembly Tuesday morning. The first prize of \$25 in gold went to Miss Esther Beams, the second prize of \$15 to Miss Edna Eberst, and the third award of \$10 to Ferris D. Hanford. All are students of the Oneonta High school.

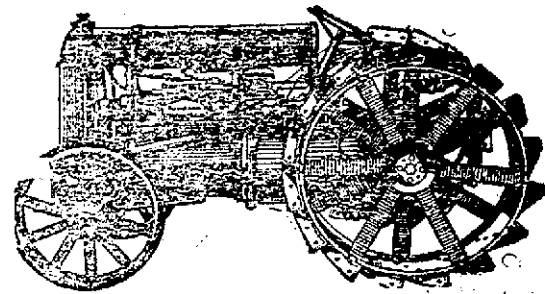

Miss Beams' paper, which was on "My Town and County in American History," will go to Dr. J. A. March of Lafayette college at Easton, Pa., who will compare its merits with those of the best prize essays from the other three counties in the district, and will award the grand prizes of \$30 and \$20.

In awarding the prizes, Dr. Johns complimented the students upon their interest in the contest and upon the high quality of the papers submitted. He also paid a deserved tribute to the English and history departments, whose admirable instruction has done much to interest the students in literary work and in historical research.

In the county there were 32 essays submitted, of which nine were from the Oneonta High school. Dr. Johns stated that the judges first picked out the six best essays from which to choose the three prize winners, and that those six papers were all written by Oneonta students.

Fordson

\$625 f. o. b. Detroit

The Fordson saves from thirty to fifty per cent of the farmer's time.

The Fordson plows, harrows, drills as much ground in the same time as from four to six horses. (Many farmers say it does the work of eight horses.)

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do; grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Let us prove this to you by a demonstration on your own farm. Just phone us or drop us a card.

Use enough to get big lasting suds

Let the suds guide you.

If they die down after you put the clothes to soak you have not used enough Rinso.

Rub only the very dirtiest places

Just soaking in big lasting Rinso suds loosens the most ground-in dirt without weakening a single thread. Only the very dirtiest places need to be rubbed. For these use a little dry Rinso.

Rinso takes the place of bar soap at every step of the family wash. Use it freely. It is the only soap you need.

Rinso does the family wash as easily as Lux does fine things

Two Girls Who Want Fathers Avenged

Ethel Daisy Deane-Tanner, 19, left, wants the slayer of her father, William D. Taylor (in upper circle) brought to justice just as Hazel Brunen, 18, seeks the slayer of her father, John Brunen. Taylor was shot down in his

Hollywood home. Brunen was killed by a shotgun assassin as he sat in his home at Riverside, N. J. Brunen, circus owner, and Taylor, movie director, were old acquaintances.

PLENTY OF WHITE OWLS

Judge Reports That Woods of York County, Me., Are Full of Them. Judge George L. Emery of the Blodgett (Me.) municipal court, who is a hunter of no small skill and a nature student of years' experience, reports that the woods in York county are full of white owls this season.

One specimen which he showed was gigantic in size.

On taking the bird to a taxidermist he found six others ready for mounting, all from western Maine. Judge Emery says there are more white owls in Maine this year than since he was a boy.

Discouraged.

"Don't you consider bridge an intellectual game?" said Miss Pepper. "No intellectual," replied Miss Cayenne. "After reading the books of instruction I haven't the courage to attempt it."

CORBILL NOT BROUGHT BACK

Seller of Stolen Autos Will Be Left to Kindly Hands of Jersey Justice

After a conference with Hoboken officials and representatives of the New York district attorney's office, it was thought best by Norwich authorities not to bring Dr. Floyd S. Corbill to Chenango county, where he is wanted on a warrant charging grand larceny, but to leave him to the mercy of New Jersey, where an indictment has already been found against him.

Corbill is said to have made a complete confession to the Chenango county authorities. This confession is in the hands of District Attorney Truesdell and is supplemental to the one previously made by Corbill to New York city officials.

This confession is a signed statement by Corbill dealing with his activities in disposing of automobiles to Sherburne and Norwich parties and to other persons in Sullivan county. The confession is to be the subject of further investigation by the district attorney and local authorities.

The Chenango county officers found Corbill locked up in Tombs prison, a cell partner of Evans, the one man train robber. Corbill had his choice of a room mate, he told Sheriff Truesdell, and as Evans, the one man worth, and as Evans looked clean and the best of those taken to the prison with Corbill, the latter picked him as a cell mate.

Corbill does not eat the prison food. So far he has sufficient means to purchase his meals through the prison officials at a restaurant. In his talk with the sheriff and District Attorney Truesdell he is said to have told them that Evans, the one man worth, bought him of him would never lose a cent. When asked how he expected to make good the loss he reserved his answer until another time. Corbill "visited" with the district attorney and sheriff for at least four hours, and he is said to have told in that time more than he has confessed to New York detectives since he was first taken to the Tombs Wednesday night.

MEET IN COOPERSTOWN

To Perfect the County Accredited Herd Organization — County Veterinary Planned as Soon as 350 Members Are Secured.

All dairymen interested in the eradication of bovine tuberculosis in the herds of Otsego county are invited to attend the meeting called by President C. J. Armstrong of the Otsego County Accredited Herd association to be held at the Chamber of Commerce rooms at Cooperstown this afternoon at 1 o'clock to adopt the by-laws of the organization prepared by the board of directors and to make plans for the first year's work of the organization.

Some 200 breeders and dairymen have signed applications for membership but the officers of the association believe that 350 members should be secured before a county veterinary can be employed with safety. It is hoped to secure this number at an early date and for this reason all dairymen and breeders are urged to attend.

Three speakers from the national and state headquarters of the eradication work are expected to be present, including Dr. H. B. Leonard, the federal veterinary in charge of the work in this state. They will assist with advice and counsel in making the plans.

The Farm Bureau is active in promoting the work of this association and the county agent will assist in every possible way, for in 1919 the advisory council of the Bureau voted to make tuberculosis eradication a five-year project of the Bureau.

SECTION MEN INJURED

Two O. & W. Employees Thrown From Truck Car Yesterday Morning and Badly Bruised.

Delhi, March 15.—Eugene O'Neill and Stanley Bishop, section men employed on the O. & W. track here, were badly hurt this morning as they were going to work, driving a motor car down the track toward Frazer. A dog suddenly bounded onto the track in front of them and the car hit the animal and was thrown from the rails. Both men sustained bad cuts about the head and face, but no broken bones. Mr. O'Neill was brought home and attended by Dr. Ormlston, and Mr. Bishop was taken to the home of his step-father, John E. Liddle, near whose home the accident occurred, where his injuries received medical attention.

Estimable Delhi Girl Weds.

Lawrence Barker of Brattleboro, Vt., and Miss Marion A. Hinkley, youngest daughter of Mr. and Mrs. James Hinkley of Delhi, were married at the home of the bride's parents on Woolerston street yesterday afternoon at 5 o'clock, by Rev. Grant Robinson, pastor of the Methodist church. The double ring service was used. Only the immediate relatives of the bride were present. Mrs. Barker, an attractive and estimable Delhi girl, has had a business position at Brattleboro for some time past. She and her husband are receiving the sincere congratulations and good wishes of her many home friends. After a visit with her parents and friends here they expect to go to Tully, N. Y., where they will make their home.

SIDNEY CENTER NEWS.

Announcing Miss Higley.

Born, March 9, to Mr. and Mrs. Luther Higley of Bullock Hill, a daughter, Jean Edwina. Mrs. Higley is a daughter of Mrs. Addison Gifford of this village.

An Admirable Lecture.

Dr. Goodshall's lecture on "The Illuminated Face," which was held in the Methodist church Tuesday evening, was no doubt the finest lecture ever heard in Sidney Center. In spite of the bad weather, there was a fair sized audience. The net proceeds were \$16.25.

Muir Evangelistic Services.

Large audiences are attending the Muir evangelistic services now being held at Sidney Center. A fine service was held on Sunday night when the auditorium was filled, and the evangelist preached from the text, "Thou art not far from the kingdom."

Local Notes.

The Baptist Missionary society met on Tuesday with Mrs. Henry Southworth. — The friends of Mrs. Mary Osborne of Woodford will be sorry to hear that she suffered a shock last Saturday. Mrs. Osborne was a former resident of Sidney Center. — The Methodist Women's Home Missionary society will meet on Friday afternoon with Mrs. George Huyck. — The Spring social held in the Methodist church parlors on Monday evening netted the Epworth league \$8. — Ray VanTassel wishes to inform his brother poolers that the report that he had withdrawn from the pool is not true. Through an error in the Utica office, it was given out that he had withdrawn.

DEATH AT NORTH HARBERSFIELD

Mrs. Mary A. Topping, Native and Life Long Resident Passes Away.

Davenport, March 15. — Mary A. Hamilton, wife of James Topping of North Harpersfield, died at her home this morning about ten o'clock after a few days illness from pneumonia. The funeral services will be held on Friday at 1 o'clock. Rev. H. R. Thompson will conduct the services and interment will be made in Evergreen cemetery at Jefferson.

Th deceased was the daughter of the late Hyman and Patience (Evans) Hamilton and was born at North Harpersfield, where she has always resided. July 7, 1857. She was united in marriage with Mr. Topping Feb. 5, 1877, and they have long been esteemed residents of North Harpersfield. She was a member of the Methodist Episcopal church at that place and always active and a leader in church and community affairs. She was a member of the Ladies Aid society of the church and of the Eastern Star chapter at Jefferson.

She is survived by her husband and three sons, Dr. C. H. Topping of Johnson City, Harry R. Topping, a civil engineer residing at Bismarck, N. D., and L. Hosea Topping residing at home. To the husband and sons the sympathy of the community will be extended.

LIFE IN HOBART.

Crawford Adams Company Here Saturday Evening, March 25.

Hobart, March 15. — The final entertainment in the Woman's Civic Club course for the benefit of Hobart High school is booked for Saturday evening, March 25, the Crawford Adams company being the attraction. Crawford Adams is one of the most brilliant violinists on the lyceum stage today and the management of the course feels that it is offering the people of Hobart and vicinity a real musical treat in Crawford Adams alone. But there are two other members of the company, both of high class, in Marion Wilkins, reader, and Charles Coburn LaPierre, pianist and accompanist. The entertainment promises to measure up in every way to the mark set by the other numbers of the course. Tickets will sell at 75 cents. (Hobart and vicinity residents are indeed fortunate in having an opportunity to hear so talented a violinist as Crawford Adams, and every seat should be sold. Editor Star.)
